

Tumor Registrars – Atlanta, GA

Are you ready to join an award-winning team at one of Georgia's premier healthcare systems? Expansion of our services has created exciting and challenging opportunities that may be just for you!

The Northside Hospital Cancer Institute is the only Atlanta hospital selected as an NCI Community Cancer Center Program. We have been nationally recognized for the best survival outcomes for BMT in the country, and more cases of breast, gynecological and prostate cancer are diagnosed and treated at Northside than at any other hospital in the area. We also received an Outstanding Achievement Award from the American College of Surgeons Commission on Cancer in 2010.

As our health system continues to grow and expand, we are seeking Tumor Registrars to join our team:

TUMOR REGISTRAR I (Casefinding)

Full-Time - <http://careers.northside.com/jobs/55834/>

You will identify malignant and benign cases for the oncology databases in accordance to standards of the Cancer Committee, Georgia Center for Cancer Statistics, SEER, American College of Surgeons and other accrediting bodies across all Northside facilities. This position includes assistance with physician conference coordination and maintaining documentation as required.

TUMOR REGISTRAR II (Abstracting)

Full-Time - <http://careers.northside.com/jobs/56090/>

Resource, 12-20 hours/week - <http://careers.northside.com/jobs/56693/>

You will be responsible for abstracting reportable cases for the oncology database in accordance to standards of the Cancer Committee, Georgia Center for Cancer Statistics, SEER, American College of Surgeons, and other accrediting agencies across all Northside facilities and physician practices.

Special Note: Telecommuting option available for eligible full-time abstracting staff.

Both positions require experience using computer database systems, knowledge of anatomy, physiology, and medical terminology, and accurate data entry and time management skills. In addition, abstracting positions require:

- CTR Certification
- Strong AJCC TNM Staging and Collaborative Staging skills, including site specific factors.
- Knowledge of CoC and GCCS reportability requirements.
- 2+ years of experience is preferred.
- Prefer experience with ERS.
- Abstraction of BMT cases beneficial.

Don't miss your chance to have an impact on one of the fastest-growing healthcare systems in Georgia!

Northside offers a competitive salary and benefits package, including a pension plan. Visit the links above to apply online for one of these opportunities. You may also or call Steve Stetz at 404-845-5942 for more information.

Northside is an Equal Opportunity Employer.
